EXAMINER'S AMENDMENT

Receipt is acknowledged of a supplemental amendment, filed 1/6/2004, in which several claims were amended (claims 29, 37-38, 42-43, 50, 54 & 61) and in which claims were cancelled (claims 48-49, 51-53).

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas A. Cawley on 3/15/2004.

The application has been amended as follows:

In the claims

In claim 29, line 2, the word "a" has been deleted and the words --the endogenous-- inserted between the words "amplifying" and "panE".

In claim 29, line 4, a comma --,-- has been inserted following the word "reductase".

Claim 31 has been cancelled.

In claim 54, the number "53" has been deleted.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: following entry of the examiner's amendment, the claims no longer read on the teachings of Frodyma et al (Journal of Biochemistry, 1998, Vol. 273, pages 5572-5576) and no longer have problems under 35 U.S.C. 112 1st paragraph regarding a lack of description for the claimed invention. The claims have been limited to embodiments where the endogenous panE gene is amplified for two microorganisms where the panE gene has been characterized (*Escherichia* & *Saccharomyces*).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 29,30,32-34,36-47,50 and 54-61 are allowed. (now claims 1-26).
